Multan, Punjab, Pakistan

PROFESSIONAL SUMMARY

Highly motivated and detail-oriented Computer Science student with an exceptional academic foundation (CGPA: 3.90/4.00) and practical experience in frontend web development. Proven ability to translate UI/UX design wireframes into clean, responsive, and cross-device compatible layouts. A collaborative team player and effective communicator who thrives under pressure, eager to contribute and grow within a professional software engineering ecosystem.

EDUCATION

Bachelor of Science in Computer Science (BSCS)

2023 – Present

Muhammad Nawaz Shareef University of Agriculture, Multan

- Currently enrolled in the **6th Semester**.
- Maintained an outstanding academic standing with a **CGPA of 3.90 / 4.00**.

WORK EXPERIENCE

Web Development Intern (Remote)

April 2026 – May 2026

Arch Tech

- Collaborated closely with a remote engineering team to build, style, and maintain modern web applications, ensuring high-fidelity frontend implementation.
- Successfully translated visual UI/UX design wireframes into clean, fully semantic, and highly responsive HTML5/CSS3 layouts.
- Gained robust hands-on experience in distributed team workflows, version control principles, and consistently meeting product sprint deadlines under tight timelines.

Frontend Developer (HTML/CSS)

6 Months Practice

Academic Projects & Independent Practice

- Architected and designed static web layouts with an emphasis on modular CSS, responsive design principles, and clean structural hierarchies.
- Practiced industry-standard clean code guidelines, including systematic indentations, explicit naming conventions, and proper structural formatting.
- Partnered effectively with student peers in multi-functional academic team tasks to design and deliver front-end interfaces.

KEY PROJECTS

Personal Portfolio Website Layout

Frontend Design

- Designed and engineered a clean, modern, responsive portfolio layout tailored to showcase developer skills and academic accomplishments.
- Implemented cross-browser compatible layouts using semantic HTML5 structures and flexible CSS style rules.

Web-Based Music Player UI Layout

Frontend Layout

- Developed a sleek user interface for a digital music application, focusing on intuitive navigation layouts and elegant playlist styling.
- Structured complex layout components including interactive media controllers, progress tracking bars, and dynamic track display alignments.

To-Do List Application Interface

Frontend Layout

- Created a structured and productivity-focused frontend layout for task organization and day-to-day item management.
- Focused on building clean component borders, highly visible typography hierarchies, and an intuitive layout for adding/removing task fields.

SKILLS & COMPETENCIES

Technical Expertise

- **Frontend Development:** HTML5, CSS3
- **Database Systems:** MongoDB Atlas
- **UI Architecture:** UI/UX Designing, Wireframe Translation
- **Core Languages:** Basic C++

Soft Skills & Leadership

- Leadership & Team Management
- Strong Presentation & Public Speaking
- Effective Professional Communication
- Time Management & Sprint Prioritization
- Resilience & Adaptability Under Pressure
